

2024 Treasurer – *Elected by Acclamation*

Wesley Drown CCIM / RE/MAX Advantage

My 21 years of Nevada Real Estate experience, including spending the last 19 years exclusively in the Office Sector, have provided me with incredible opportunities and success in this business, which I would like to continue sharing with my fellow commercial practitioners. Having come from the Residential side of the business 19 years ago, and being full-time in Office Brokerage, development, and consulting ever since, I believe I have a good understanding of the needs of our Membership, and can work well with others on the Board and our institutional members; to provide a clear path for improving the Commercial Alliance and its benefits to our Residential agents who want to transition to Commercial Real Estate.
